

COMMENDATION LETTER

This is to certify that **Venkata Karthik Draksharam** (Trainee number 100022613) has successfully contributed to the development of the software project titled "**QR Based Yard Management System using Amazon Web Services (AWS)**" at the IT and ERP Department during his tenure as an Intern in our organization from **05-June-2023** to **01-July-2023**. He actively engaged in various aspects of the project, focusing on the following technologies/areas:

- Android Studio
- AWS RDS for creation and maintenance of database
- AWS SNS and Lambda to trigger receipt notification
- AWS Event Bridge for scheduled receipt notification
- GitHub for code management, code versioning (VCS) and collaboration

It is observed that he is sincere, hardworking and prompt in discharging the duties assigned to him from time to time. His performance during this period was good. I am confident that his credentials will prove to be an asset to any establishment / organization which he may join in the furtherance of his career. I wish him a successful and bright future in all his endeavors.

Place : Visakhapatnam

Date : 01st July, 2023
